False Report Corrected

No New County Project

I am informed that opposition to my candidacy for the Legislature is being urged on the ground that I may be seeking election for the purpose of securing a new county for Sabinal. I herewith emphatically deny that I have any such purpose in view. In fact, I have no axe to grind. It is my sincere purpose, if elected, to serve the 116th District and the State of Texas faithfully and to the best of my ability.

It is true that years ago, prior to the creation of Real County, I did favor a new county for Sabinal and vicinity. But the creation of Real County so altered the situation that it is PRACTICALLY AN IMPOSSIBILITY for a new county to be created around Sabinal without changing the State Constitution.

I shall greatly appreciate it if my friends will do what they can to correct the false report mentioned above.

Dear Mother:

I am now sailing on the Mediterranean sea; have passed several mailing places. On 19th passed Gibraltar, and on 21st passed Malta; tomorrow will get to Port Said, Egypt. From there will sail to Rangoon, India; from there will go to Yenang Young, Upper Burma, India.

Cannot say how long I will stay here; owing to how I like it. I think when I come home I will go on around the world, for I will be half 'round when I arrive at Burma.

When it is sundown here it 12:00 o'clock noon, at home.

Write me at Yenang Young, India.

Struck Water.

Water has been struck in the Bless well, some two and a half miles northwest of town. The drill is down some 1,425 feet and the water has rose to within 240 of the top, the water now standing at 1,185 feet in the well. The drill is in sand and is still going down, it being the purpose of Mr. Bless to make the well flow if possible.

Mr. Bless has the hearty good wishes of the people of Hondo in his efforts to prove that artesian water can be had here by going after it. It takes nerve to do what Mr. Bless is doing, and it is a characteristic of the American people to admire a man with nerve—irrespective of what direction his endeavor may take—and particularly so when his whole section will be the beneficiaries of his efforts.

SMUGGLE LIQUOR UNDER DRESSES

The troubles of West Virginia in trying to enforce prohibition is thus told in a dispatch from Cumberland (Md) to the Cincinnati Enquirer:

West Virginia officers raided a Western Maryland train out of Cumberland late one night recently, arresting a party of men and women and confiscating 140 pints of liquor.

Mrs. Teresa Dominick had 19 pints in pockets in a cartridge-like belt concealed under her clothing. Anna Daeria had 14 pints, 9 on her breast; Jennie Furro had 11 pints, while two girls, 7 and 8 years old, respectively, had 12 pints concealed in belts under their clothing, the officers said.

Two of three men in the party escaped by jumping through the car windows, taking sash and glass. The other man, James Ray, and the women were held for court on charges of violation of the prohibition law. Under injunction of the court liquor cannot be carried on trains entering West Virginia.

The party was enroute to Thomas, West Virginia.

SHE'S A PROHIBITIONIST.

[Philadelphia Sunday Dispatch] Down in Fort Dodge, a few days ago, a citizen of that city was walking down the street in company with his suffragette wife. They passed a man who ran a saloon and the wife said: "There! See that man, a baa-keeper and he can vote, while I can't." "Yes," said the husband, "but he is forced to close up at 9 o'clock, and you never do."

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. Herbine cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by W. H. Windrow.

A man who discusses with others the woman he is supposed to love can't be very much in love; he is evidently not satisfied with her as he knows her.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGee's Baby Elixir. It reduces the feverish condition, corrects the stomach and checks looseness of the bowels. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Is it any wonder a man has a hard time picking out a wife? Why, there are just as many different kinds of women as there are women in the world.

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver. A condition which invites disease. Herbine is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by W. H. Windrow.

If a few fathers would think more of their own start on the matrimonial byway, perhaps they would be less severe with their prospective sons-in-law.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly, as they are poisonous. Ballard's Snow Liment counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Isn't it strange that some men will spend their last cent on a chorus girl, but kick at the price of tickets to the show for their wives?

Worms interfere with the growth of children. They become thin, pale and sickly. Get rid of these parasites at once if you would have healthy, happy, cheerful children. White's Cream Vermifuge destroys worms and benefits the whole system. Sold by W. H. Windrow.

Husbands, remember you won your wives as lovers, therefore, you must hold them in the same way, because there are other lovers.

Proposed Amendment to the State Constitution Relating to Levying Tax for School Purposes.

Proposing an amendment to Section 3, Article 7 of the Constitution of the State of Texas, authorizing the levy and collection of an ad valorem county tax not to exceed fifty cents on the one hundred dollars valuation of property for the maintenance of the public schools of the county, and authorizing the levy and collection of an ad valorem district tax not to exceed one dollar on the one hundred dollars valuation of property for the maintenance of the public schools of the district.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 3 of Article 7 of the Constitution of the State of Texas be amended to hereafter read as follows:

SECTION 3. School Taxes.—One-fourth of the revenue derived from the State occupation taxes, and a poll tax of \$1.00 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed 20 cents on the \$100.00 valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year. The Legislature may authorize the levy and collection of an annual ad valorem county tax within the counties of this State not to exceed 50 cents on the \$100.00 valuation of property situated within the county; provided, a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, for the purpose of maintaining the public free schools of the county, and the Legislature may also provide for the formation of school districts by general or special law, without the local notice required in other cases of special legislation, and all such districts, whether created by general or special law, may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed, or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property taxpaying voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the \$100.00 valuation of the property subject to taxation in such districts, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns, constituting separate and independent school districts.

SEC. 2. The Governor of this State is hereby instructed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election to be held in November, 1916, at which election all voters favoring this amendment shall have written or printed on their ballots the words, "For the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district." And those opposed to this amendment shall have written or printed on their ballots the words, "Against the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county, and not to exceed one dollar on the \$100.00 valuation in the district for the purpose of maintaining the public schools of the county or of the district."

SEC. 3. The sum of \$5,000.00, or as much thereof as may be necessary therefore, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

[NOTE.—H. J. R. No. 30 was adopted by the House March 6, yeas 104, nays 12. Was adopted by the Senate, with amendments, March 19, yeas 26, nays 2. House concurred in Senate amendments, March 19, yeas 78, nays 19, present and not voting 1.]

Approved April 1, 1916.

Drives Out Malaria, Builds Up System

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHI. TONIC, drives out Malaria, cures the blood, and builds up the system. A true tonic, for adults and children. See.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Scott & Bowne, Bloomfield, N. J.

EFFECTS OF PROHIBITION

The effect of prohibition on the economic situation in the states which are under that system has been a matter of debate and of honest difference of opinion for many years. The state usually selected by the advocates of prohibition is Kansas, and but rarely have the claims of North Carolina been put forth. Commenting recently upon the situation in that state, the Judge, Me, Record says:

"North Carolina shows an average of savings to each depositor of but \$171.56 compared with \$468.16 for license New Hampshire and \$544.93 for license Rhode Island. North Carolina has 75 divorces per 100,000 of population compared with 43 for license Delaware and 60 for license New Jersey and New York—Attleboro Sun

WELL, MAINE OUGHT TO KNOW

From Maine comes word that the report that South Carolina has gone dry proves to have been an error. The state has merely voted for prohibition—Boston Transcript.

LOSING YOUR GOAT.

A father lost his head and began beating his boy for being out late nights. When the whipping was over the old man said: "There, I guess that will hold you for a while. When I was a boy of your age, my father would not let me hang around late nights."

At this rebuke the boy replied: "He must have been a devil of a father."

This got the old man's goat, and he yelled at the lad, with an emphasis on one adjective: "He was a damn sight better father than you have!"

Every time a man loses his head he spills his brains—The Silent Partner, in the Cornell Widow.

Good Eye-sight

is essential to health, comfort and appearance. Have you ever noticed a strained look on your face?

Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

will be found in today's Anvil Herald.
This famous gin has just been installed
in the Holloway gin house. It is pro-
nounced by those who know to be about
the acme of perfection in the way of
gin machinery, is said to make a beau-
tiful sample free from all dirt and
trash. The Holloway gin has always
been noted for its excellent service
and this new effort to please will un-
doubtedly be appreciated by the cotton
producers of this section.

Attention is called to the card of
Hon. Harold Baldwin appearing on
the front page of this paper. Mr.
Baldwin makes it plain that he is not
in the race for Representative for the
purpose of seeking to establish a new
county with Sabinal the county seat.
In fact, when Real County was formed
out of a part of the territory that
was originally intended to form the
once proposed Jim Hogg county the
people of Sabinal accepted that re-
solution. Mr. Davis says the Association

is a much bigger thing than people on
the outside of it realize and is doing a
splendid service for the Sheep and

opinion that every one engaged in

The World's Most Powerful Low Priced Car

31 $\frac{1}{2}$ H. P.

ANNOUNCING THE NEW SERIES

\$635

F. O. B. TOLEDO

\$635

F. O. B. TOLEDO

This newest Overland is the
world's most powerful low-
priced car.

It has a 31 1/2 Horsepower en
bloc motor that is a perfect
marvel for speed, power and
endurance.

By increasing the bore of the
motor from 3 1/8 to 3 3/8
inches we are able to offer a
power plant which at 1950
R. P. M. develops full 31 1/2
horse-power.

Tests under every condition
in all parts of the country
demonstrate that it easily
develops better than fifty
miles per hour on the road.

Speed, of course, varies under
different conditions, but in
practically every instance it
has been getting fifty miles
an hour and with ease.

We have scores of telegrams
showing that eighteen to

twenty-five miles per gallon
of gasoline is not unusual.
The performance of this car is
almost beyond belief.

Take any other low-priced
car on the market. Pit it
against this new Overland.
Compare them for sheer
speed, for abundance of
power, for riding comfort
and economy, and you'll
find this car will back anything
else clean off the
boards.

That's a strong statement,
but a fact, nevertheless.

Try it yourself and see.

Here are more important
facts:

It has four-inch tires which
are more than generous for
a car of this size.

Not only has it a large and
roomy body, but it has
an attractive up-to-date
streamline body.

It has the latest and most im-
proved system of ignition.

It has the cantilever springs
--the easiest riding springs
in the world.

What's more, it's complete.

on the highest priced cars.

From a driving standpoint,
the new car is ideal. It's
light, easy to handle and
anyone can drive it.

Take one look and be con-
vinced.

And mark these words--the
car is destined to be re-
garded and referred to as
one of the really great
achievements of the great
automobile industry.

Yet it only goes to prove how
big production can cut cost

SATURDAY, JULY 1, 1916

Weekly News Letter.

(Week Ending June 17, 1916.)

Layaca, Fayette and Colorado Counties—This is, apparently, the most prosperous section of Texas, judging by the conditions of the crops and the temper of the farmers. The crops are all good, though somewhat late, and in places in the weeds, but the weather is favorable and the work of clearing the fields is progressing rapidly.

Brazoria, Montgomery and Walker—During the last week considerable rain fell in these counties and weeds and grass have gotten quite a start of the farmers. Corn is in splendid condition but cotton is in need of sunshine. In the Willis section tomato harvesting is about over, perhaps four or five more cars being in the fields. Prices have been better than in some years and the growers are well satisfied. Truck of all kinds is plentiful in the Houston market and is bringing fair prices. The Irish potato crop is pretty well gathered and has brought good prices. At present potatoes are bringing from \$1.10 to \$1.25 per bushel; the retail prices in the same stores will be near \$2.00.

Medina County—Oat and wheat harvesting is now on in this county, the yields averaging about thirty bushels for oats and about twelve for wheat. The acreage in oats this year is a little below normal on account of being drouth killed, while the acreage in wheat is some larger than last season. The wheat seems to have withstood the winter and spring drouth better than the oats. Corn is suffering for rain and cotton is small, most of it having been planted late. A much smaller crop of the grain sorghums was planted here this year than last, but that crop is doing well.

Wichita County—The wheat in this and immediately surrounding counties is about all cut and the threshing is about to start. The crop is short of normal, but has panned out much better than most of the farmers have expected or hoped for some time past. Weather conditions are good with

plenty of moisture in the ground.

Morris, Camp, Titus and Wood—Crop conditions are splendid in these counties—better than for several years. Corn, cotton, sweet potatoes, ribbon cane and all kinds of truck crops are fine; oats and Irish potatoes are not so good. The crops in Camp county that were damaged by the hail have come out and look much better than was expected. Farmers generally are very well up with their work; in some parts of Camp county they are somewhat behind. The weather has been ideal; plenty of moisture and plenty of sunshine. Week closed clear and warm. Some reports of boll weevils in Camp county; none from other counties.

Lamar County—While rain has prevented work in some sections of the county, still the past week has been very favorable to crops. Corn, 80 per cent of full crop, cotton, 80 per cent; oats, 65 per cent; sweet potatoes, 90 per cent; peanuts, on a considerably increased acreage, 80 per cent; gardens, 90 per cent.

Taylor and Adjoining Counties—Recent abundant rains throughout this region assures a good crop of all the staples planted. The garden and truck output will be largely increased, and cotton given a good start. Corn and small grain much benefited. The output of small grain, now being cut in Taylor, Callahan and the southern part of Jones counties, while it will fall below normal, will be larger than recently predicted.

Upshur County—Crop conditions in this county are generally fine. In some parts of the county corn is mostly laid by. Some complaints of boll weevil in our community, but nothing serious. Good stands of peas, peanuts and other forage crops. Good rains and good season in the ground.

Taylor, Armstrong, Randall, Swisher and Hale—Wheat, 30 per cent of last year; oats, 25 per cent, with some of the land being plowed up and planted to raw crops; milo, feterita and kaffir late and not all planted, but that in the ground in good condition. Very little corn planted, but that in good condition. Pasture cattle and hogs doing well. Little fruit, but doing well. Some farms badly infested with Russian thistle. Local rains general and a known good one throughout Swisher and Hale counties.

Smith, Cherokee, Anderson, Walker and Montgomery—Corn on new or fresh land is fine. Cotton is growing rapidly and looks well but there is much complaint about the boll weevil. The tomato crop will be from 10 to 20 per cent short, but the quality is unusually good and prices holding up well.

Barksdale Farmers Organize.

Barksdale, Tex., June 16.—At a mass meeting of citizens of this place at the school house Saturday afternoon, a Farmers' Institute was organized with forty-one members. The following officers of the institute were elected:

C. P. Patrick, president; F. E. Howerton, vice-president; W. E. Carson, secretary, and B. J. Stewart, entomologist. C. P. Patrick, B. J. Stewart and T. E. Reavis were selected as delegates to the meeting of the State Farmers' Institute at Austin July 17 to 19th inclusive.

Field Agent Fletcher Davis, of the State Department of Agriculture, conducted the meeting and spoke briefly on the plans and purposes of the Farmers' Institute.—San Antonio Express.

Lacoste Ledger News.

Mr. and Mrs. Louis Biediger attended the Beekeepers meeting at D'Hanis Saturday afternoon.

Jacob Etter from the Sauz left Tuesday for Kenedy, Texas, on a visit to relatives there.

Mrs. John Traegesser and children from Laredo are visiting relatives and friend here and at Noonan this week. Joe Biry of the Spindletop neighborhood, who has undergone a surgical operation in Santa Rosa Infirmary San Antonio, is, we are glad to learn, on the road of recovery.

Mr. and Mrs. Wm. Jungmann and daughter, Miss Helen, Mr. and Mrs. E. W. Tschirhart and family, Howard Mangold, Otto Bendele and John C. Biediger attended the dance at Rio Grande Saturday night.

Mr. and Mrs. J. L. Mechler and family and Misses Elizabeth and Pauline Biediger paid a visit to Jui. Tschirhart and wife out at the irrigation farms Tuesday night.

Mr. Paul Mechler and Miss Elfrieda Hutzler were married at 9 o'clock a.m. in St. Mary's Church of Lacoste, Texas. Rev. Father John Heinzelmeir performed the ceremony. The attendants were as follows: Clara Hutzler and Robert Mechler, Edna Mechler and Adolph Hutzler, and Mary Hutzler and Martin Mechler.

Mr. Nixon of Yancey, Mr. Winkwicks, Misses Winkwicks and Brown of Hondo visited Miss Vesta Mae Riley Sunday.—Lytic News Cor.

MEDINA COUNTY BEEKEEPERS MEET.

The Medina County Beekeepers Assn. met in Carle Hall at D'Hanis Saturday June 17th, at 3 o'clock p.m.

Routine business was transacted and one new member was enrolled, after which bee-talk was indulged in for about 3 hours. The subject of creating a master for the present immense crop of honey was thoroughly discussed and ideas were brought up and considered but nothing definite was adopted, for the want of the presence of many, so-called, "Beekeepers" who were shining by their absence.

Louis Biediger and A. J. Saathoff were agreed to represent the Association at the Texas Beekeepers Assn. meeting at College Station next July.

Swimming Party.

Thirteen jolly girls met last Friday and walked to Rogers Resort where a swimming party was given in honor of Mrs. P. L. Crain of Hondo.

When the girls came out in their stunning bathing suits and bewitching caps, several Kodak pictures were taken, then the plunge in the river where swimming, diving and riding the trolley were enjoyed.

After an hour of such enjoyment a bounteous supper was spread on the grassy banks of the river—but the girls were so tired from swimming that the lunch was scarcely touched(?) nevertheless there is a time exposure picture to tell the true tale.

Reclining on the grass the merry crowd told jokes and stories—then the Folk dances and old fashioned games were played.

Despite the fact that it was on Friday and that there were thirteen in the crowd, as they journeyed home, every one expressed themselves as having had a most pleasant evening.

Those present were: Mrs. P. L. Crain, Hondo, Misses Maud Burkes, San Antonio, Ivey Peel, Mae and Myrtle Parks, Louise Lawton, Ellene and Pansy Cowan, Lucy Buford Henderson, Mary Belle McGee, Dorothy Arnold, Lucy Waldo and Lez Couch.—San Marcos Record.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

"Stranger to Nature" is a stranger to God.

Look Good—Feel Good.

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25¢ at your druggist.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They sell for 25¢ dollars for any quantity. It will cure, send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Take Hall's Catarrh Cure for constipation.

DO YOU WANT A FARM?

Here is one of 310 acres of black sandy soil, four-room house, out-houses, good well, good fences, 165 acres in cultivation and nearly all tillable, eleven miles south of Hondo, in a splendid neighborhood and convenient to a good school. This is an ideal farm that can be bought at a reasonable price and on easy terms.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

I think it is lots better to be happy and deceived than to know and be unhappy.

Proper Thing.

"They tell me Smith's business has all gone to seed."

"Poor fellow! Then he's ruined."

"Far from it. He supplies the farmers and suburbanites all around."

Their Status.

"English candidates for parliament are a sort of straphanging class, aren't they?"

"How do you mean?"

"Don't they stand for a seat?"

Very Cruel.

He—When I went to the hospital they put the X-ray on my head, but they couldn't find anything there.

She—Ahh! Did they expect to find anything?

Her Left Side Hurt.

Mrs. Laura Beall, Plattburg, Miss., writes: "Last April I got in bad health; my left side hurt all the time. I had symptoms of Bright's disease. I took Foley Kidney Pills and feel all right now." They quickly relieve backache, rheumatism, aches and pains. Bladder troubles, too, are corrected by this remedy. Sold everywhere and in Hondo by W. H. Windrow.

The successful man is he who profits by observation, and makes no mistake twice.

Gave The Baby Rest.

Children just cannot keep covered at night and that is one way they take cold. Foley's Honey and Tar is a reliable family cough medicine that contains no opiates or harmful ingredients.

Mrs. Wm. Leonard, Pottsville, Pa., writes: "My baby had a very bad cough. The first dose gave her relief." Sold everywhere and in Hondo by W. H. Windrow.

LEAST WORRY OF WATCHMAN

Keen, But Subtle Reproach Conveyed to Inquisitive Visitors at Ruins of Wellesley College.

A merited retort is not always a retort courteous. The rebuke that was administered to a party of intruding tourists by the old watchman who was set to guard the ruins of College hall at Wellesley not long after the great fire conveyed a keen but subtle reproach.

"You've got to keep out!" he ordered gruffly, when he caught them trying to slip under the ropes that surrounded the crumbling walls.

The inquisitive visitors paused and eyed first the ropes and then their determined guardian.

"She here," a wily youth asserted. "We're willing to risk it, and we'll take all the responsibility. What do you care if we lose our lives?"

"You've got to keep out," he ordered again.

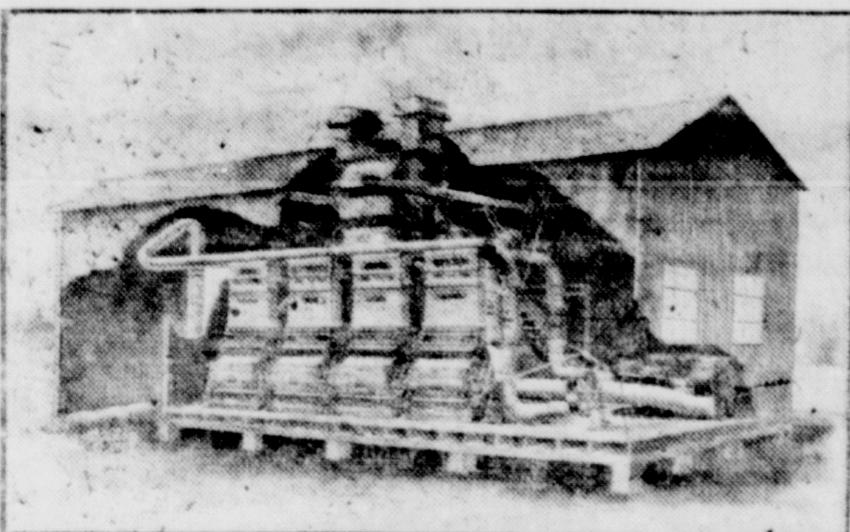

"Mrs. C. W. Crow's daughter is to be married tomorrow," he said.

"She here?" the youth asked. "I am glad to say."

"Not to the room a man of your choice."

"I am glad to say."

"Happy" And the Cow.

"Happy" Neuman is considerably disfigured but he can still raise a "big dust." Now "Happy" is not deputy cow catcher, and the scars that he wears were not received in the discharge of public duty, consequently he is even denied the plaudits of a grateful public for a duty well performed. Now "Happy," while being rich now can still remember the day when the earth looked small beside a silver dollar to him, so when an opportunity presents itself for him to save a friend in less affluent circumstances a dollar he always seizes it. If he had confined his efforts to seizing opportunities and left his hands off of ropes his facial beauty, of which he now means had a monopoly, would not now be undergoing repairs. It is against the peace and dignity of the town of Hondo for livestock to browse upon the streets, and a violation of this law costs the owner of the animal a dollar, and it is not Carranza money either. A few days ago "Happy" spied a friend's cow on the street with long drag rope attached to her; he seized the rope and attempted to return her to her pen, but the cow had other ideas. She started out in another direction and the harder "Happy" pulled on the rope the faster she got so in a few moments the speed they made through the streets would have made a passenger train on a down grade with an open throttle looked like it was standing still in comparison. But "Happy" was as determined as the cow and held on to the rope. Presently a tree loomed up down the race track and a happy idea struck "Happy" and he made straight for the tree and threw a loop around it. The cow stopped all right and so did "Happy." After he picked himself up and made a survey the only damage he could find was the loss of a yard or so of epidermis a part of which was removed from his chin. But he corralled the cow all right.

Ernest E. McAnelly Buried.

Devine Tex., June 29.—Ernest E. McAnelly, a prominent architect of Dallas, died at Gainesville Tuesday morning following an operation and was buried here Wednesday. He was 34 years old, a native of Medina County and spent most of his life here. He was a member of one of the oldest and most prominent families in the county. He was a member of the Methodist Church, a Mason and a Woodman of the World. Surviving, besides his widow, are five brothers: R. R., Eldo, Gladwin, DeShay and Stanley McAnelly, all of this place.

Funeral services were conducted at the Methodist Church by Rev. W. L. Dubose, assisted by Rev. Mr. Henry of Fort Worth. Interment was made in the Evergreen Cemetery.—San Antonio Express.

Judge and Mrs. Noonan Honored.

Mr. and Mrs. Frank Cockrell entertained Wednesday evening in their imitatively delightful manner, honoring Judge and Mrs. R. J. Noonan.

Two tables were set aside for bridge and several games were played and greatly enjoyed. Mrs. Noonan won the guest prize, a lovely cream ladie; Mrs. Fletcher won a box of stationery; Dr. Fletcher was awarded a card case, and Judge Noonan carried off the booby prize, a little poem.

A delicious dinner was served at seven o'clock to the following: Dr. and Mrs. Fletcher, Judge and Mrs. Noonan, Miss Johanna Rothe, Milton Schmitt and the host and hostess.

Texas National Guard.

Special request has come from the War Department at Washington for the immediate organization of Battery C, First Field Artillery, Texas National Guard. Wm. G. Tobin of San Antonio has been named captain in command. He is a seasoned officer of experience. He wants every able-bodied young man, unmarried preferred, especially those able to ride a horse. Immediate service at the front is assured and almost a certainty that the Battery will be mustered into Federal service at the close of the war. The artillery is one of the most important arms of the service and offers exceptional advantages. The latest improved field pieces and the full equipment, which cost the government in the neighborhood of \$100,000, is now ready for delivery. Communications in person, or by letter preferred, or you may call by long distance telephone either the Chamber of Commerce of San Antonio or Wm. G. TOBIN.

Immediate action is necessary. This is a direct appeal to you. DO IT NOW.

What The War Is Doing For The Farmer

The European war is not an unmixed evil, nor yet is it an unmixed blessing for this country. We shall not attempt to go into the ethical side of the question, although we shall do our best to do so. The war has done a number of terrible things, but it has also done a number of good things. We shall look at the good things first. The war has brought a good deal of money for the production of war products here in this country or imported from foreign countries. And

amongst them those that have come up in price is sugar.

But, friends, here is a popular question regarding a beverage which is so universally liked that it has come almost a staple. The name of that beverage is Coca-Cola.

Now Coca-Cola, as you know, is really a agricultural product—a product of a soil. Coca sugar—the very product and the foundation of Coca-Cola has come with the name of that beverage.

Let us take what, for example. We all know that we are going to have to pay more for sugar. Very well, we mean that the whole country, city, town and rural population as well as paying more for their flour—therefore the wheat raiser should theoretically be getting rich on a product which it costs him no more to raise than formerly and for which he gets more money.

But wait a minute—there are other things to consider in this matter of growing rich on the war. Cotton and wool and meat and farm machinery and sugar have gone up too. This means that while the wheat raiser is getting more for his product, he is also paying some other agriculturist more for his product. This cuts down somewhat on the profit the war is bringing to the farmer. Then it would seem that the best way to keep ahead of the game is for the farmer to pay the farmer who raises his wheat. The increased prices that the war has brought about and when buying his necessities or those things that are not bare necessities of life to pick and choose from

the best product and the best price.

Let this product of nature—the farm-revised in our thought it has been to do with the war—be sold at a price that will not only enable the farmer to pay for the extra cost of the war, but will also enable him to buy the extra Coca-Cola product he consumes.

Yet this product of nature—the farm-revised in our thought it has been to do with the war—be sold at a price that will not only enable the farmer to pay for the extra cost of the war, but will also enable him to buy the extra Coca-Cola product he consumes.

Now inasmuch as the rural population alone of America consumes millions of barrels of Coca-Cola every year, we are enabled to sell our agricultural products at a price that will not only enable the farmer to pay for the extra cost of the war, but will also enable him to buy the extra Coca-Cola product he consumes.
